RE: Response to 186th Omnibus Objection to Late Filed Claims (Claim No. 99967)  
In re: FTX Trading Ltd., et al., Case No. 22-11068 (KBO)

**1. Lack of Proper Notice of Bar Date**

At no time did I receive adequate or effective notice of the September 29, 2023, customer bar date. As an ordinary customer outside the United States, I had no legal or technical awareness of the bankruptcy proceedings or their deadlines. I relied entirely on communication from FTX, and none was provided regarding the bar date or instructions for filing a claim within that time frame. Denying my claim based solely on a missed deadline that I had no reasonable opportunity to know about is a violation of due process.

**2. Validity of Claim**

My claim represents actual assets that were deposited and held in my FTX account. These assets include:

- 0.063438 BTC
- 0.000039 ETH
- 4.889103 FTT
- 1.601438 USD

These balances were visible in my FTX account until the platform halted withdrawals. I request that these digital assets and fiat balances be recognized and restored to the best of the Trust's ability.

### **3. Equity and Fairness**

The bankruptcy process must uphold fairness for all customers. Denying recovery for claims like mine—based solely on technical filing deadlines without full notice—unjustly punishes victims of fraud and mismanagement. I ask the Court to permit the claim to proceed in the interest of justice and equity.

### **Contact Details for Communication**
